

Brown Harris Wealth Management

SUBJECT: Enhanced Security for the LPL Financial Account View

Dear Brown Harris Clients:

Providing you with valuable account tools like the LPL Financial Account View is important, but protecting your personal information is even more important. With that in mind, we are pleased to let you know about some upcoming security enhancements being made to LPL Account View that will further protect your personal account information.

These security enhancements will become effective May 22, 2010 and include the following key measures:

- For 30 days beginning May 22, you will be prompted to change your password when you log in to LP Account View. If you do not log in and create a new password within the 30 days, your old password will expire and you will need to follow the new temporary password procedures (see next bullet point).
- The password hint feature that allowed you to retrieve your password by successfully answering hint questions will be removed and replaced with a more secure "Forgot my password" procedure in which a temporary password will be emailed to you.
- Any temporary password you receive will no longer be sent to our office, but will **ONLY** be emailed directly to you.

Please make sure that your email address is updated and accurate in LPL Account View as soon as possible by clicking on the My Profile tab located in the upper right-hand corner of Account View. To ensure delivery of messages from LPL Account View to your email inbox (not bulk or junk folders), please add noreply@accountview.lpl.com to your email address book. If you are using spam filtering software, enter noreply@accountview.lpl.com into your filtering software's "white list" to ensure you continue to receive email messages. (Contact your software provider for assistance).

If you have any questions regarding the enhanced security features, please don't hesitate to contact our office at 540-825-1588 or email michelle@brownharrisinc.com.

Sincerely,

Todd D. Brown and Gillette K. Harris
